It's Very Easy

To sell a Ladies' Garment when she realizes at first sight that the style of garment is a little in advance of ordinary styles. It's very hard to make a customer believe that the style is right when she herself knows better. Our garments have been so near correct that sales have been easy. We put lots of time into our Garment Department, and more than ever before it's being recognized by well-dressed ladies.

JACKETS either 30 inches or 42 inches long, as you wish. They're both good. JACKETS with fitted or half fitted backs will interest you.

NEW JACKETS by express today.

Pants for the Workingmen!

Our lines of Workingmen's Pants are growing in popularity daily. The good things workingmen say about our Pants advertise them better than we could hope to advertise them ourselves. Cut roomy and easy at every point. Buttons don't come off, seams don't rip and material strong and durable—in fact we don't know of a single thing that could be done to our Workingmen's Pants that would better them. All we want is to have every workingman give us one trial on Pants and he will be our patron ever afterwards, and we believe that we will finally sell all the Workingmen's Pants sold in town. Prices always moderate here—\$1.00 to \$3.00 per pair.
